

Part no.: WZ0014

5 in 1 Cable Tester

The WZ0014 5 in 1 Cable Tester tests 5 common LAN and Computer cables. It tests installed cables or patch cords with RJ-11, RJ-45, USB, IEEE1394 and BNC connectors. It is intended to test cables with straight through connections not cables with reversed, or transposed connections like some LAN crossover cables, or reverse wired telephone cables.

Technical Features

Test 5 types of RJ-11, RJ-45, BNC, USB and IEEE1394 cables.

Simple one button test.

Ergonomic portable handheld design.

Tests installed wiring or patch cables.

Remote unite stores in Main Unit.

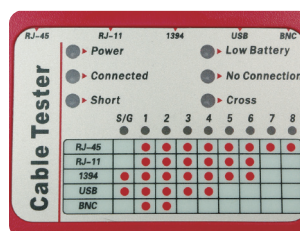

Auto shut down.

600 ft test distance for RJ-45/RJ-11/BNC.

LEDs indicate connections and faults.

Power by 9 Volt block battery with built-in battery test.

Include bag with belt loop.
