### **Charging Cabinet - a desktop charging solution for hospitality, educational environments and more**

Visitors, guests and employees bring their mobile devices to all sorts of venues. Give your people a way to charge the drained batteries of their smartphones or tablets with the 20-Port Desktop Charging Cabinet - 360 W from Manhattan. It's the ideal charging solution for restaurants, schools, gyms, doctor's offices, universities, hotels, car rental agencies and more.

### **Fast-charging with state-of-the art device safety and without wall chargers**

Mobile users want their devices back quickly. Thanks to the Power Delivery 3.0 technology on all 20 USB-C ports, they won't have to wait long. With power per port up to 3 A / 18 W, smartphones, tablets and other USB devices are ready to go in no time. The front-mounted LEDs show you when a battery is fully charged. All these expensive devices are a lot of responsibility, but the safety mechanisms in this Cabinet are just as extensive. This Charging Cabinet offers protection against overload, overcurrent, short circuit, voltage spikes and even lightning strikes.

### **Physical security is key**

Thieves and vandals don't stand a chance against the sturdy, durable metal housing of this Charging Cabinet. Lock it securely with the included 2-piece key

set and give access only to authorized personnel. Its vertically split door requires less space to open in confined areas. A built-in fan and ventilation slots dissipate heat and keep all devices cool. Rubber feet prevent the Cabinet from slipping on any surface.

## Organized and versatile

Keep your devices organized in the 20 bays with 264 (D) x 22 (W) x 235 (H) mm / 10.39 x 0.87 x 9.25 in. each. Use the cable management built into the dividers to structure your charging cables (available from Manhattan). As this Desktop Charging Cabinet features USB-C ports instead of AC outlets, you do not need additional wall chargers. The AC input on the back is a C20 connector that lets you replace the included power cable with other cables based on your region.

## Features:

- Safely stores and fast-charges up to 20 smartphones, tablets and other USB devices up to 10.2"
- USB-C Power Delivery (PD 3.0) charging ports with up to 3 A / 18 W per port and 360 W total; no additional wall chargers required

#### Electrical

- AC input: 110 - 240 V; 16 A; 50 - 60 Hz
- USB-C output: 5 - 12 V; maximum 3 A; 18 W; 20 output ports with 360 W total
- Voltage/current settings (maximum):
  - USB-C:
    - 5 V / 3 A
    - 9 V / 2 A
    - 12 V / 1.5 A
- Made for tablets and handheld devices

#### Protection Characteristics

- Short-circuit (SCP) with auto-recovery mode
- Overvoltage (OVP) with auto-recovery mode
- Overcurrent (OCP) — current limit: 150% (max)

#### Physical

- On/off switch
- LED status indicators
- Vertically split double door
- Housing: 1 - 1.5 mm cold-rolled steel
- External cabinet dimensions: 370 (D) x 610 (W) x 345 (H) mm (14.57 x 24.02 x 13.58 in.)
- Bay dimensions (20): 264 (D) x 22 (W) x 235 (H) mm (10.39 x 0.87 x 9.25 in.)
- AC Power cable length: 2 m (6.56 ft.)
- Net weight: 19 kg (41.89 lbs.)
- Gross weight: 22 kg (48.5 lbs.)

#### Operating Environment

- Operation temperature: 0 - 45°C (32 - 113°F)
- Storage temperature: -15 - 45°C (-5 - 113°F)
- Humidity (noncondensing): 20 - 80%

#### Package Contents

- 20-Port Desktop Charging Cabinet - 360 W
- Two AC Power cables, 2 m, C19 to EU and UK plug
- Two door keys
- Instructions

Please note: If the cabinet cannot be turned on, remove the rear housing cover to check and reset the fuse switch.
