

# CHERRY GENTIX DESKTOP

The modern allrounder for every budget

Models may vary from the image shown

What could be more logical than to provide an ideal companion for one of CHERRY's best-known bestsellers? The GENTIX DESKTOP is the perfect fusion of the popular CHERRY GENTIX Mouse with an uncompromising, matching keyboard – both wireless!

The GENTIX DESKTOP is a worthy addition to the Cherry GENTIX family. The progressive design was created with productivity in mind and will enhance your desk in every respect. The extensive equipment meets the highest quality standards that are usually only found in desktop sets in higher price ranges. The GENTIX DESKTOP is therefore the first choice – even for those on smaller budgets.

For example, the popular wireless version of the GENTIX MOUSE has two thumb buttons for effortless Internet navigation and a switch for two-stage adjustment of the pointer speed. The tried and tested design of the CHERRY GENTIX MOUSE has been retained unchanged, as it delights those with large and small hands alike.

The cordless keyboard impresses users with its 10 multimedia keys. You can navigate through everyday office life with ease with the lock,

browser, mail and calculator functions. The six buttons for controlling multimedia functions are self-explanatory. The arrangement has been designed to prevent accidental operation. A good typing feel is one of the most important attributes of a keyboard and is mandatory for CHERRY products. This is also the case for the GENTIX DESKTOP. The actuating force of the key is an optimum mixture of smoothness of action and optimum pressure point. The arrangement of the keys and the key spacing all meet current ergonomic standards. There are three practical status LEDs for Caps, Num and Scrolllock integrated directly into the keys.

Quality, and therefore stability, is another core feature of CHERRY products. Three, instead of the usual two, rubberized feet help the keyboard to stand out from other products. In combination with the stable construction, the GENTIX DESKTOP stands on your desk in a non-slip and torsion-resistant manner – regardless of whether the feet are folded out or not. Another important product feature is the palm rest. It is a formative design element and an everyday convenience in one.

Fans of wireless freedom can look forward to a battery life of up to three years. The wireless keyboard/mouse combination is completely plug & play and requires no software and ready for use in a flash. If you want to assign your F-keys and special keys individually, you are free to use the optional, free CHERRY KEYS software.

With the GENTIX DESKTOP, CHERRY has designed a product that creates a good basis for productive and relaxed work. You don't have to sacrifice comfort and design aspects or dig deep into your pockets.

## FUNCTION AND PERFORMANCE

- Ergonomic design: Integrated palm rest, low overall height
- High quality standard: Made for sturdiness, durable key inscription
- Easy to use: 3 sturdy support feet, 10 Office and multimedia keys, 3 integrated status LEDs
- Ingenious product features: Wireless 2.4 GHz technology (with a range of up to 10 m), battery life up to three years, integrated battery status indicator, symmetrical six-key mouse with adjustable resolution (1,000/2,000 dpi), Plug & Play

## TECHNICAL DATA

Weight main product:	875 g
